ENGAGING RESIDENTS AND CUSTOMERS FOR A GREAT LIVING ENVIRONMENT

Residents of VERVE® Suites KL South had a memorable Chinese New Year celebration when BKP hosted a lion dance performance and lunch to usher in the Year of the Metal Rat. All were amazed by the exhilarating acrobatic lion dance, which was performed on high stilts and accompanied by cymbals and drums.

On a separate Chinese New Year celebration in VERVE® Shops, in addition to the lion dance performance, a walk-about magician was engaged to interact with customers. The performances were very well received by those who were present, especially the families with young children. There was also a God of Prosperity figurine redemption for those who shopped on that day.
