HOME OWNERSHIP CAMPAIGN  
EXTENDED TILL 31 DEC 2019

## RIDE ON THE HOME OWNERSHIP INCENTIVES

The Home Ownership Campaign (HOC) was first held in 1998 to lessen the burden of homebuyers and to encourage homeownership. This campaign is now re-introduced after two decades. For Malaysians who plan to buy properties, now is a good time to ride on this “duty-free” period and enjoy attractive savings offered by the HOC which has been extended till 31 December 2019.

BKP's Group Chairman Dato' Alan shares his views on the above via his monthly column, Food for Thought, in The Star.
